### **GENERAL BUSINESS ACTIVITIES:**

Mint Trailers and Cold Rooms has been established in 2015 as a registered manufacturing trailer company in S.A. Our traditional business model is based on the accomplishment and achievement in the trailer manufacturing market. The company started off in 2011 as a sole owner business testing trade markets in this wide range of different types of trailers. We then decide to market a certain brand of trailer and started specializing in our field.

Our unique type of trailers are build to the exact measurements of our clients with chromadeck insulated panels.

We also achieved a level 4 B.E.E. qualification.

### **VISION:**

To provide quality services that exceeds the expectations of our esteemed customers.

## MISSION STATEMENT:

To build long term relationships with our customers and clients and provide exceptional customer services by pursuing business through innovation and advanced technology.

## CORE VALUES:

We believe in treating our customers with respect and integrity at all times. We integrate honesty, integrity and business ethics into all aspects of our business functioning.

## GOALS:

Expansion in the field of trailer manufacturing to regional and neighbouring countries and to develop a strong base of customers and clients to build a good reputation in the manufacturing industry.

## PRODUCT SERIE:

### (1) SERIES ( D ) COLD ROOMS / FREEZERS:

We have already build these cold room trailers for the export market to some of our neighbouring countries. Again here are two sizes more cost effective to our clients namely the 2.0 (m) and the 2.4 (m) single axle fitted with 9000 BTU 220 (v) silent units.

The freezer units are fitted with a 9000 BTU 220 (v) silent on the 2.0 (m) and with 12000 BTU 220 (v) on the 2.4 (m) unit.

Yours faithfully

Pierre du Plessis.
