

THE GLEN HUNTING OPPORTUNITY 2019

Since the early 1990's, The Glen Farm has been home to a variety of wild game. The farm was previously used as a setting for youth camps, and later converted into a working Dairy farm with large Farmhouse. It is situated on 400 hectares of mountainous terrain with two ravines. The farm was in 2015 converted back to Game Reserve, and hosts a number of various species of game including, Kudu, Eland, Nyala, Blue Wildebeest, Bushbuck, Waterbuck, Zebra, Mountain reedbuck, Impala, Blesbuck, Red Hartebeest, Grey Duiker, Warthog, Bushpig and many smaller mammals.

The farm is the ideal setting for hiking and birdwatching and due to it's limited size allows hunting, (during certain times of the year) to keep animals at sustainable numbers to avoid negative impact on the environment.

The Guest House sleeps 12 people comfortably, can be increased toup to 14.

The main bedroom is en-suite and sleeps two. There is a loft room with 3 beds, below it is another 2 sleeper room, as well as two other rooms 1 with 2 beds, the other with 3.

There is a fully equipped kitchen, which makes use of a gas stove/ oven. Open plan Kitchen, dining and lounge area. Sliding door which opens the dining area up to an amazing thornveld view.

There is a Braai area with bonfire pit – Hard wood can be purchased on the Farm.

Free, safe parking on the premises. We have homemade preserves for sale on site, as well as fresh vegetables (straight from the garden) & Ice is also available.

Things to see nearby include: Battlefield of Isandlawana & Rorke's Drift, Fugitives drift monument, Talana Museum as well as Blood River.

RATES 2019:

Accommodation: R450pp per night (this includes hunting fee, field guide, cold room for hunters and firewood)

Children under 12 years of age R225 per person per night (this includes hunting fee for hunters)
